Forecast For Northwest England
Issued by Met Office Exeter
at 1600 on Thursday 18 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Cloud building overnight. A murky day Friday, with some drizzle.

This Evening and Tonight:
Turning cloudy this evening and overnight with low cloud spreading across most places from the east. Light rain or drizzle and some hill fog is likely over the Pennines. Minimum temperature 6 deg C (43 deg F).

Friday:
An overcast start, with some mist and hill fog. Remaining rather cloudy throughout with further patchy rain or drizzle likely, mainly over the Pennines. Feeling cooler than recently. Maximum temperature 12 deg C (54 deg F).

Outlook for Saturday to Monday:
Generally cloudy through the period, with occasional brighter spells. Staying largely dry, but with the odd spell of light rain or drizzle possible. Light winds but turning breezy on Monday.
